Do you wish there was a new path somewhere?

What would help you choose to walk or cycle?

Does anywhere feel unsafe when you're on foot, cycling or using a wheelchair?

Which streets, roads, paths and public spaces could be improved?

Scan me with your phone

Heritage Horizons: Cairngorms 2030 is working with communities to tackle the climate emergency. As part of this, we want to make the Cairngorms National Park more walking, cycling and wheelchair friendly. To do this we'd like to hear from you!

Whether it's a narrow pavement in your street, a busy bit of road or a better connection needed to a nearby village. We need your help to identify the key areas to focus on.

There are a number of ways to find out more about the project and share your thoughts:
